BRAINERD PUBLIC MARKET DAILY GROWS MORE POPULAR

BRINGING TRADE TO CITY FROM FT. RIPLEY

From Early Morning to Evening
Housewives and Men Crowd
Market to Make Purchases

Inquiries Received From All Over the State,
P. B. Nettleton Pleased Over
Success Attained

Following in line with President Woodrow Wilson's advice about the establishment of public markets for reducing the cost of living expenses, the Brainerd Public Market in the Gardner block is meeting the fondest dreams of its originators and is bringing farmer and market gardener in touch first hand with city and other consumers, and doing a cash business.

From early morning to evening the market, situated in a good building just across the street from the city hall, is crowded with housewives and men who take home their purchases in baskets and in many cases even baby buggies, carts and little express wagons are impressed to haul away the purchases.

Automobile parties from the cities have inspected the market and ordered purchases of vegetables sent to their homes in Duluth, St. Paul and Minneapolis and other points by parcel post.

As the fame of the market is daily spreading, inquiries for vegetables are coming in from all over the state and many send cash in advance and ask the market master to make his selection of vegetables and send by parcel post.

Farmers bring in their produce and a small charge of 5 per cent is made to cover cost of handling. Many instances have been noted where farmers bought from each other at the market.

Every Saturday night there is a grand clean up and articles liable to spoil are sold cheaply.

It is tending to bring to Brainerd farmers from St. Mathias, Fort Ripley, Crow Wing, Barrows who formerly did not come to Brainerd to trade. The cash paid on the spot has been a great incentive to farmers to trade in Brainerd.

Here for instance is a letter from C. A. Bouschor of Proctor addressed to John F. Hurley of the Public Market. "Burt Farley of Virginia gave me your address and told me he got such nice vegetables from you. Will you give me your price on bushel of pickles, beets, onions, carrots, green tomatoes, ripe tomatoes, cabbage and other vegetables you may have. Enclose \$1 for which send me your green corn at 10 cents a dozen by parcel post. Give me also your price on creamery and dairy butter in fifty pound lots."

P. B. Nettleton, prime mover in the establishment of the public market, beams with pleasure every time it is mentioned. He has established many young families in Brainerd on his large "liberty" lots and acreage, helped them build homes and plant gardens and raise chickens and now has added the crowning feature, an ever ready place to sell any produce and get the cash for the same right on the spot.

Intense Interest in London.
London, Sept. 10.—Intense interest has been aroused in diplomatic and political circles here by the Washington dispatches announcing that the state department has proof that Sweden has been acting as intermediary for transferring German messages from the German charge d'affaires at Buenos Ayres by way of the Stockholm foreign office to Berlin.

Jersey Schools Oust German.
Hoboken, N. J., Sept. 10.—The board of education has voted to discontinue teaching German in the public schools.

American Position to be Determined by Her Explanation

(By United Press)
Washington, Sept. 10.—The American position toward Sweden will be determined by the explanation she makes of the part taken in the Luxemburg communications, a break with that country being unlikely.

No Intention Break Relation With Sweden

(By United Press)
Washington, Sept. 10.—The government has no intentions of breaking relations with Sweden because of the secret communications forwarded the enemy, Germany. It is officially explained.

All Scandinavia Involved in War

(By United Press)
London, Sept. 10.—The possibility of all Scandinavia becoming involved in war is seen here following the revelations of the German-Swedish intrigue.

Sweden's Action Cause for War

London, Sept. 10.—Sweden's action in transmitting cipher messages for Germany is a sufficient cause for a declaration of war under international law it is stated here. The United Press is informed, however, the disposition of England is not to enforce Britain's right to this degree.

The Swedish legation in a formal statement declares it unthinkable that the Swedish foreign office was officially cognizant of the proceedings. It is probable that the foreign minister was personally aware of the matter.

CHARGES AGAINST SWEDEN

Accused of Handling German Official Messages.

Washington, Sept. 18.—Sweden has violated neutrality and carried messages between Count Luxburg, German Argentine charge d'affaires at Buenos Ayres, and Berlin.

The plot was revealed by the state department. Luxburg advised his government not to heed Argentine's demand in the U-boat situation.

The most glaring of his advice was to order Argentine ships to turn back or to sink them without leaving any trace.

The Swedish legation at Buenos Ayres forwarded his messages to the Stockholm foreign office as its own official messages.

This was a distinct violation of neutrality which is likely to result in a delicate situation between the allies and Sweden, while Argentine is expected to plunge into the war now that she sees Germany's schemes against her barred.

WILLIAM LOEB, JR.

Member of Committee
to Promote Loyalty.

MOVE TO MAKE ALL LOYAL

Native and Foreign Born Americans Issue Call.

New York, Sept. 10.—A call to all citizens, irrespective of race or creed, to join in a movement to crush disloyalty within the United States and to labor for the assimilation of aliens on an exclusive American standard was issued here by a committee of native and foreign born Americans headed by Theodore Roosevelt.

The appeal is entitled "The Children of the Crucible" and its signers declare "the true test of loyal Americanism today is effective service against Germany."

Among the signers are Oscar S. Straus, Henry L. Sloboin, Michael I. Pupin, Anthony Flala, Henry Reuter, John J. Kahn, George von L. Meyer, William Loeb, Jr., and Karl H. Behr.

RUSSIAN CABINET CRISIS

Minister of Supplies Arouses Opposition and Resigns.

Petrograd, Sept. 10.—A new cabinet crisis has broken out as a result of the opposition of the Constitutional Democratic ministers to the food program of M. Pieschonooff, minister of supplies, and also the land policy of M. Tchernoff, minister of agriculture, as well as to the attitude of a majority of the cabinet toward Ukraine.

The Constitutional Democrats required essential changes in the proposed measures, which M. Pieschonooff, with the support of all the Socialist ministers, refused to make.

On the Constitutional Democratic ministers announcing that they might resign M. Pieschonooff himself resigned to prevent a most serious situation.

Petrograd Formally Declared to be in a State of War

(By United Press)
Petrograd, Sept. 10.—Petrograd has been formally declared to be in a state of war. Premier Kerensky has issued a proclamation revealing the plot by Gen. Korniloff, commanded-in-chief of the Russian army, to assume control of the government. Gen. Korniloff was immediately dismissed.

Gen. Korniloff Ordered To Resign His Position and Leave Russian Army

London, Sept. 10.—A state of war has been proclaimed in Petrograd as preparations begin for a partial civil evacuation in that city. Gen. Korniloff has been named to succeed Gen. Korniloff. Premier Kerensky has demanded Gen. Korniloff not only to resign but to leave the Russian army at once, the dispatches indicate. Premier Kerensky is to act as temporary commander-in-chief.

There is a lack of adequate arrangements for provisioning the city and general unrest is felt over the German success at Riga and German plans for advancing on Petrograd and the redoubtable campaign by the German propagandists have all resulted in great tension in the Russian capital. Premier Kerensky and Gen. Korniloff have been at odds since the Moscow conference. The civil evacuation of Petrograd is precautionary. None fear that the Germans will reach the danger point but this is done to reduce the city's population as much as possible and the official evacuation has not yet been considered. The food situation has been made acute by the German approach out of Riga.

Civil Population Fleeing From Petrograd

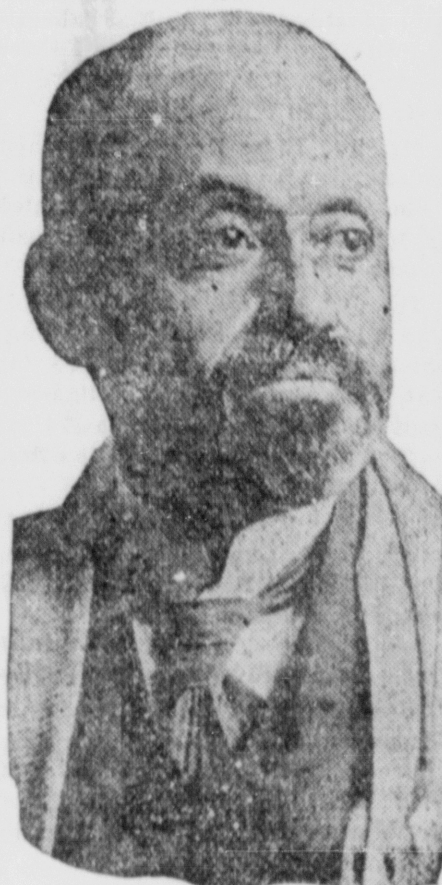

(By United Press)
Petrograd, Sept. 10.—The nervousness of the populace is increasing, long lines waiting to board trains to flee from the city. The government officially states that it does not intend to transfer the seat of authority to another city.

Aviation Instructor Killed.

Davenport, Ia., Sept. 10.—E. B. Crisswell was killed and Louis Boder was injured seriously when an airplane manned by them fell 500 feet at Suburban Island here. The accident was due to engine trouble. The men have been conducting a school for aviation at Davenport.

CIPRIANO CASTRO.

Former Venezuelan Dictator
Plans Another Visit to U. S.

© 1917, by American Press Association.

Cipriano Castro, former president of Venezuela, has returned to Havana after a visit to Mexico. General Castro declined to see newspaper men and remained in his stateroom aboard the steamer.

He is expected to go immediately to New York.

British Consolidate Troops to Hold Positions is Report

(By United Press)
London, Sept. 10.—The British have consolidated forces to hold the positions taken in the report from Gen. Haig.

Germany Is Seeking An Armistice

(By United Press)
Washington, Sept. 10.—Germany is seeking an armistice, but she won't get it. The allies will not pause in their work while Germany strengthens herself either for another war or further democratizes herself as Scheldemann promised in an interview today. This is in response to Scheldemann's views by a high official.

PREPARING FOR TWO CONVENTIONS

Vice President R. R. Wise and Secretary Fred T. Lincoln to Attend
Executive Committee Meeting

Of N. M. D. A. at Bemidji, Aiming Also to
Have State Potato Growers Meet in
Brainerd December

Wilson Can Bring Peace if He Will

(By United Press)
(Copyright by United Press, 1917)
Berlin, Sept. 10.—"President Wilson can bring peace immediately if he will prove by his acts his faith in the German people he expresses in words," is the statement of the leader of the German majority socialist party Heldman.

"Further bloodshed is unnecessary if America believes in and does not underestimate the reichstag power and strength of the German movement which pushes irresistibly toward democratization," he asserts. "It is pushing although as in America war offers the worst chance for further development of democratic institutions. The German advance will be quicker and sooner if the obstacle of war is removed."

Italian Aeroplanes Sink Austrian Sub

(By United Press)
Washington, Sept. 10.—Italian aeroplanes bombed Pola on Sunday sinking one Austrian submarine and one cargo boat loaded with food and ammunition according to official Rome cablegrams. There is fierce fighting at East Gorizia, the cables estimating the Austrian losses from August 10 to Sept. 10 at 132,000.

Failure to Form a New Ministry

(By United Press)
Paris, Sept. 10.—The failure of Premier Ribot to form a new ministry has been formally announced, and his resignation with that of the entire cabinet is believed to have been submitted.

URGED TO HELP WIN WAR

Prominent Socialists Appeal to Members of Party.

New York, Sept. 10.—All Socialists in the United States, organized and unorganized, were urged to "put all their energy, strength, ardor and enthusiasm at the disposal of the government, so that the war may be carried to a rapid and victorious conclusion," in a statement issued by Socialist delegates to the Minneapolis conference of the American Alliance for Labor and Democracy on their return here.

"They will thus be acting in accordance with the noblest traditions and highest aspirations of America as well as the international Socialist movement," the statement said.

LOYAL MEETING ATTACKED

One Italian Killed, Another Injured and Two Officers Hurt.

Milwaukee, Sept. 10.—One Italian was killed, another was wounded, probably mortally, and two detectives were slightly injured when an attempt was made to break up a patriotic open air meeting in the Italian section.

The two Italians who were shot are members of an alleged anarchists' club, which later was raided and literature, said to be of an incendiary nature, was seized.

The two wounded detectives are Albert Templin and John G. Rydlwicz. The Italians have not been identified.

Vice President R. R. Wise and Secretary Fred T. Lincoln of the Northern Minnesota Development association, left this afternoon for Bemidji to attend a special meeting of the executive committee, called to consider the request for an appropriation of \$200 to make possible the holding of the Minnesota Potato Growers Association in this city in December at the time of the annual convention of the N. M. D. A.

Mr. Lincoln has been working hard to secure this appropriation by calling the attention of counties in the association to the importance of it and the opportunity to boost this section as a seed potato growing country.

If successful, it will mean one of the most important gatherings in the interest of northern Minnesota ever held in this section of the state and will bring hundreds of prominent potato men here for the big convention.

The N. M. D. A. has already voted \$300 for the Boys and Girls potato contest and circular letters have been sent out by County Agent E. A. Colquhoun to boys and girls entering the contest, outlining the plan of the same and encouraging them in their work. Mr. Colquhoun will assist the young growers in selecting stock for exhibition purposes and in the details of preparing for the big contest in December.

Damaging Frost Over Northwest

(By United Press)
St. Paul, Sept. 10.—A damaging frost extended over the entire northwest last night. A temperature of 16 was registered at Jamestown, 30 at Duluth and 36 at St. Paul. Tomatoes, tobacco, corn and late potatoes were damaged greatly.

Secretary Pardee, of the public safety commission, has resigned to go with Food Commissioner Hoover.

IMPORTATIONS ALSO CEASE

Manufacture of Whisky in United States Has Stopped.

Washington, Sept. 10.—At 11 p. m. Saturday the manufacture of distilled spirits for beverage purposes ceased in the United States.

The production of whisky will not be resumed during the war. Dry leaders believe the present condition will be made permanent, but owners of distilleries have said they expect to reopen their business when the conflict ends.

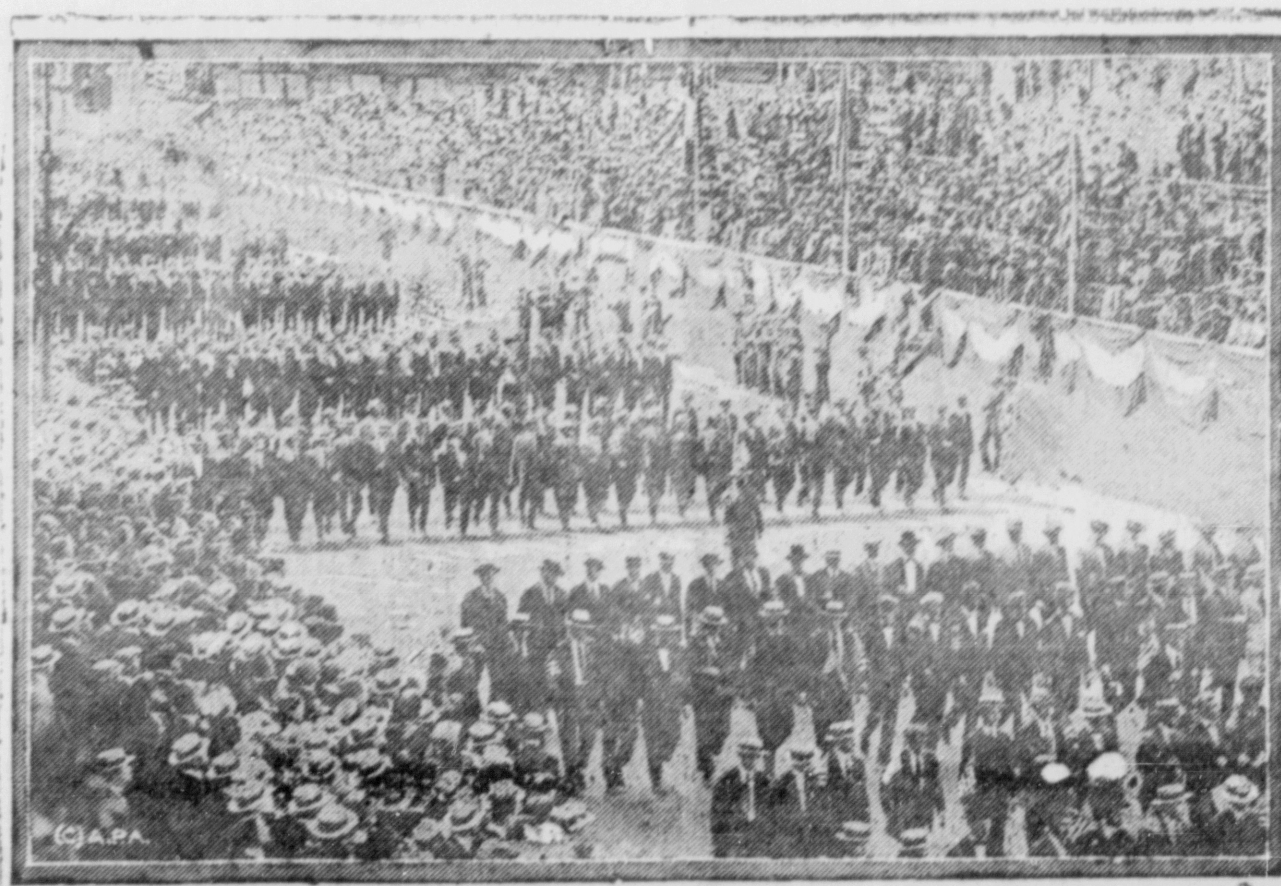

The importation of distilled liquors also is prohibited by the Lever law.

WHEAT PRICE OF \$2.20 WILL
BE MAINTAINED.

Washington, Sept. 10.—The price of \$2.20 a bushel for wheat fixed by President Wilson will be maintained, it was made clear at the food administration, despite isolated protests from farming interests that the figure is too low.

Virtually the only objection of any consequence, it was said, has arisen in North Dakota, where the crop was unusually poor.

New York Shows Off Its National Army

New York showed off its National Army the other day when about 10,000 of the drafted men of Manhattan paraded up Fifth avenue. That the people looked on them with the same affection they had for the members of the regular army and National Guardsmen was plain from their cheers. Fifth avenue was crowded throughout the line of march.

Issued Against Dykeman Transportation Co. and Others, Up in Court This Morning

GOES OVER TO NOVEMBER TERM

County Attorney Alderman Issued Warrants Directed Against Places on Mille Lac Lake

The restraining order issued against John Davis, Steve Kovacevich and the Dykeman Transportation Co., ordering them to cease carrying into the premises at Dykeman or keeping or maintaining intoxicating liquors there came up in the district court chambers September 10 before Judge W. S. McClenahan and the restraining order was continued in force to the first day of the November term of court.

County Attorney S. F. Alderman has issued warrants against several places on Mille Lac lake believed to have been engaged in the illegal sale of liquor and raids were made Saturday night under the direction of Sheriff Claus A. Theorin. The county attorney announced that a determined effort will be made to clean out roadhouses and violations of the law will be vigorously prosecuted.

acted as "extra people" in the great ball-room scene, and in other scenes where ensembles are used. Mr. Baker found them easy to direct, willing and anxious to obey instructions, and they have added much to the distinction of many of the scenes in "The Dutchess of Doubt."

Obituary

Mabel Johnson, age 13 years, daughter of Mr. and Mrs. J. P. Johnson passed away at her home Friday, Sept. 7, after a lingering illness of diabetes.

The funeral was held Sunday, Sept. 9, from the home. The remains were placed in the Oaklawn cemetery.

Pall bearers were school mates of the deceased, namely: Ruth Pentin, Agnes Anderson, Rose Brend, Rosie Anderson, Alice Anderson and Amy Pentin.

She leaves her parents and five sisters to mourn her loss. The whole community extend their heartfelt sympathy to the mourners.

The Italian Mannlicher-Carcano rifle is of the 1891 pattern. It is rather slow, discharging only fifteen rounds of shot a minute.

ARMED WITH BROAD POWER

House Committee Will Probe Poor Powder Situation.

Washington, Sept. 10.—Armed with broad power for investigating the ammunition situation, including the sending of defective cartridges to American troops in France, a house committee was named by Speaker Clark following unanimous adoption of a resolution for its creation introduced by Chairman Dent of the military committee.

Five Democratic and four Republican members of the military committee were appointed. They are Representatives Dent, Alabama; chairman; Fields, Kentucky; Quinn, Mississippi; Gordon, Ohio, and Shallenberger, Nebraska, Democrats; and Anthony, Kansas; McKenzie, Illinois; Greene, Vermont, and Morin, Pennsylvania, Republicans.

BREAK IS NOT THOUGHT OF

United States Will Retain Present Relations With Sweden.

Washington, Sept. 10.—State department officials continue their policy of absolute silence regarding the government's exposure of how Sweden's legation in Argentina acted as a secret channel of communication for Count Luxburg, German charge in Buenos Ayres, and the Berlin foreign office, but it was plain they deplored any attempt to color the incident as forecasting a diplomatic break between the United States and Sweden.

No such development is even thought of at this juncture. At the present stage it is wholly a matter between Argentina, Sweden and Germany, with the United States, her allies and the rest of the world interested onlookers.

ARMY DESERTER KILLS TWO

Youth Confesses Slaying Men to Obtain Money.

Youngstown, O., Sept. 8.—Mystery surrounding the murder of John Sweetney and James Lynn, at places three miles apart on a lonely road south of Youngstown late last Saturday night was solved by the confession of W. B. Williams, twenty years old, a deserter from the Thirtieth United States cavalry, Fort Riley, Kan.

Williams, who was arrested near Pulaski, O., said the necessity of money to elude the military authorities prompted the attempted holdup and murders of the two men.

WOMAN'S REALM

LAST CHANCE TO CAN CORN

Women of Brainerd are warned that this is their last chance to can corn as we have had a killing frost. They are also warned that several large order houses are not taking orders for canned tomatoes, beans or corn and that canned vegetables this coming winter will be scarce and high. All this talk about canning was not a mere fad. Fresh corn can be obtained at the city market for a day or so.

The following recipe for a delicious breakfast food is issued by the government. It is made of field corn selected between the milk and dough stage. Blanch the ears in boiling water ten minutes. Remove and dip quickly in cold water. Cut from the cob and feed into a food chopper, grinding it to a pulp. Cook this product in a kettle, stirring while cooking till it assumes a thickened and paste-like mass, adding a level teaspoonful of salt to each quart, a little butter and a little sugar. Pack immediately in hot glass jars with in one-fourth inch of the top. Half seal, sterilize in hot water bath 180 minutes (3 hours), remove and seal tight. This may be cut in slices for frying, and makes a delicious food product, economical and nourishing. Corn on the cob may be canned the same as other corn. No water need be added.

Copies of the wheat conservation receipts published in this paper a week ago may be obtained on application at the Brainerd city market. Women are especially invited to send samples of these breads to the county fair.

Feel Worse After Vacation

The change from outdoor activity of vacation time to the quiet of regular employment sometimes makes one feel heavy and "stuffed up," uncomfortable and bilious, with a mean headache and coated tongue. Foley Cathartic Tablets give prompt relief from these results of indigestion. Mild and gentle, but sure. H. P. Dunn, druggist.—Advt. mwt

DEMONSTRATOR AT COUNTY FAIR

While at the State Fair Mrs. L. P. Hall, county chairman Public Safety Auxiliary, inspected the food demonstrations. She says this year they were particularly fine. The state is prepared to send a demonstrator to our county fair at Pequot, if we will pay the expense which would be about \$15.00. The demonstrator would show how to make the different kinds of war breads and meat substitutes and have an exhibit explaining food values. Mrs. Hall feels it would be a great benefit to the women of the county to have.

It would be continued through the days of the fair and be a part of the exhibit of the Public Safety Auxiliary. At the meeting of the Conservation committee which was held at the Community Rest room last Saturday afternoon it was voted that a notice be inserted in the Dispatch asking for contributions toward this fund of \$15 from the patriotic citizens of Brainerd, who would also be interested in the education of the women in this vicinity in food values, economy and good cooking. The contributions will be noted in the columns of the Dispatch. The Conservation committee has no funds, but feels sure it can depend upon the men and women of Brainerd to take the lead in this community undertaking.

Showered Bride-to-Be

(Deerwood Enterprise)

On Monday evening a most joyous event took place in the form of a shower given by Mrs. John Humphrey and Mrs. Anton Berg for Miss Helga Theorin. The invited guests met at Mrs. Humphrey's and from there proceeded in a body to the Theorin home, succeeding in taking Miss Helga completely by surprise. The shower was miscellaneous and she received many useful gifts.

One of the features of the evening that caused much merriment was a mock marriage in which Mrs. Alberts, Miss Theorin and Mrs. Humphrey were the principals.

Ice cream and coffee were served for refreshments.

Altogether it was a jolly affair, as some of the guests expressed it. "We laughed until we cried."

UNCLE TOM AND VAUDEVILLE ACTS

Big Program at the Best Theatre This Evening. Royal Hawaiians to Sing Too

FREE BAND CONCERT AT SHOW

Seven Singing Dancing Pickaninnies. Fun and Music all the Time Tonight

The Park opera house offers tonight one of the biggest bills ever presented.

There will be five vaudeville acts and Uncle Tom's Cabin in pictures. Seven dancing pickaninnies are a feature of the show. There will be fun and music all the time.

Culligan and Hockwolds introduce the Royal Hawaiians, each a soloist and each an artist. These native singers and dancers are declared the biggest musical novelty of the season.

Popular prices rule tonight, there are no reserved seats and first come will get the pick of the seats.

MISSIONARY WORK NEEDED

Brainerd merchants should make it a point to attend the Mission Lake farmers club picnic and fair at the Camp farm on Mission lake narrows Tuesday, Sept. 11, if for no other reason than to hold Brainerd trade first established.

The Ironton News says "the farmers in the Mission Lake district are said to have secured a boat suitable for a ferry and to be preparing to make the range towns their marketing point instead of going to Brainerd. They save several miles travel by so doing."

CONCORDIA SOCIETY

Young Peoples Society to Meet at Bethlehem Lutheran Church This Evening

The Concordia Young Peoples' society of the Bethlehem Lutheran church, will meet this evening at the church parlors and be entertained by Mrs. Simon Anderson and Mrs. Erick Graff.

This program will be given:
Solo..... Mrs. Geo. Berggreen
Recitation..... Mrs. A. E. Sornson
Piano duet..... Miss Dagmar Olson
and Miss Myrtle Bredenberg
Recitation..... Miss Palmberg
Trombone solo..... Henry Elvig
Vocal duet..... Mrs. Geo. Berggreen
and Miss Mabel Johnson

FOR MISS MARGARET WEBB

Daughter of Mr. and Mrs. E. O. Webb to Leave for St. Mary's School, Faribault

Miss Margaret Webb, daughter of Mr. and Mrs. E. O. Webb, leaves Tuesday for Faribault to enter St. Mary's school.

Miss Webb entertained at a week end party at Portage lake at their summer home, "Green Gables" those present including Miss Vera Munger, Miss Hazel Alger, Miss Alice Johnstone, Miss Anna Linnemann, Miss Dorothy Carmichael, Miss Ruth Thayer, Miss Rae Hannaway and Miss Merne Downie.

Miss Anna Linnemann gave a theatre party for Miss Webb and Miss Dorothy Carmichael entertains for Miss Webb on Monday evening.

Red Cross Meeting

Red Cross workers in surgical dressings will have an evening class each week beginning tomorrow night at 7 o'clock in the library and thereafter on Tuesday evenings. This is arranged for teachers and others who are busy during the day; also for people who can give more time to the work than the two meetings.

It is hoped that a large number will avail themselves of this opportunity.

A Big Success

Seventy were present at the Young Peoples society of the Swedish Lutheran church meeting at the home of Miss Bertha Olson in Northeast Brainerd. It was given Friday evening, including a social hour, program and refreshments.

FALL UNIFORM.

All summer we have seen the variations of the khaki service uniform. Here we have its counterpart for cold weather—tweed trousers, which go with a leather coat, flannel lined. Puttees, wristlets and Angora cap and tip-top carry out the idea of smartness which is also cozy.

BAPTIZES MANY

Five Children in Ceremony of Baptism at Peoples Congregational Church Sunday

Rev. William Lloyd Crist, pastor of the Peoples Congregational church baptized five children at Sunday morning's service, which makes twenty-eight he has baptized in the past six months.

PEOPLE YOU KNOW

(Altken Age)

J. J. Howe, well known to the early residents of Altken, where he was a familiar figure some thirty years ago, died in a hospital at Paynesville, Stearns county on Monday of last week.

Mr. and Mrs. F. I. Hitt, of Brainerd spent the week end at the Roy Sanford home.

(Little Falls Transcript)

Dr. Orville C. Trace, who practiced medicine in Little Falls for 20 years, and who has been making his home here for more than a year, after an absence of several years, died at his home, 109 Seventh street northeast, Thursday afternoon. Death was caused by arteriosclerosis, from which he had been ill nearly two years.

(Walker Pilot)

Camilla Canfield, daughter of Jas. Canfield, formerly county surveyor of Cass county, came up from Brainerd last week Wednesday and visited until Saturday at the Crow home, leaving for her home at Portland, Oregon.

Miss Mabel Anderson, of Upsala, who has been visiting at the home of Miss Ruth Anderson, 809 Mill St. and other friends and relatives for the past week returned to her home today.

Bethany Birthday Club

Mrs. Albert O. Anderson will entertain the Bethany Birthday club tomorrow afternoon, at her home 814 Fourth Avenue Northeast. The proceeds of the meeting go for the Benefit of the Swedish Bethany church. A cordial invitation is extended to everybody.

Let in the Sunlight.
All household furnishings should be exposed to direct sunlight for a number of hours every few days. Direct sunlight is the best disinfectant known. It kills germs in a few hours. Diffused sunlight or daylight may have as good effect, but in a much longer time. Shutting the sunlight out of the house is an unhygienic custom. It should go as has gone many of the ideas and customs belonging to the dark ages. Germs live and thrive in darkness. For that reason sunshine should find its way into the home daily, and its presence should be welcomed as a messenger of cleanliness and good health. The drawing of shades and the closing of windows to keep the carpets and draperies from fading should be discouraged. It is better to have carpets and draperies that are faded than to have boys and girls with cheeks that are faded. Roses in the cheeks are more valuable than roses in the carpet.

How to Fit a Horse Collar.

A collar should be fitted to the horse and not the horse to the collar. The collar that is too large should not be used on a horse in the hope that he will grow large enough so it will eventually fit. A collar that fits well in the spring may not fit at all in the fall.

When one is fitting a horse with a collar the animal should be standing in a natural position on level ground, with his head held at the height maintained while at work. The collar when buckled should fit snugly to the side of the neck, and its face should follow closely and be in even contact with the surface of the shoulders from the top of the withers to the region of his throat. At the throat there should be enough room for a man's hand to be inserted inside the collar.—Farm and Fireside.

Waste in Food.

"Eat what is on your plate" may seem to many people to be a new table precept, yet it has been practiced for many years in certain little communities nestled among the rugged hills of New England, where the waste of food is regarded as almost a crime. Hanging on the walls of many houses in these communities may be found the "Table Monitor," perhaps worked in worsted or cardboard and setting forth this sentiment, which somehow has a characteristic old time New England ring:

Prosperity may roll with ample flow,
Still to be prized, that it may widely bless,
The world is full enough of want and woe;
I will not mock with selfish wastefulness.

One Objection.

"A girl should be educated to do things for herself,"
"Yes," answered Mr. Cumrox, "only sometimes I wish Gladys wouldn't insist on doing her own singing and piano playing."—Washington Star.

MONDAY, SEPTEMBER 10, 1917.

Your Flag and my Flag!
And, oh, how much it holds
Of your Land and my Land
Safe within its folds.
Your heart and my heart
Beat quicker at the sight;
Sun-kissed and wind-kissed,
The Red, the Blue and White!
The one Flag—the Great Flag—
The Flag for me and you—
Glorified the whole world wide—
The Red, the White, the Blue!

THE POTATO SITUATION

(Prepared by the Markets Division of the State Food Committee for the Public Safety Commission)

The September government forecast on potatoes in the United States shows a falling off of 5,000,000 bushels as compared with the outlook of August 1. This reduction, while large in figures, is not important when it is considered that the total annual production of the United States has averaged 350,000,000 bushels since 1910.

Marketings during the week have been comparatively light owing to the rush of other farm work and the attractions of the Minnesota state fair. Paying prices in regular buying territory have been higher on the average than last week. It is doubtful, however, whether large marketing movements would have resulted even if high values had persisted under increased supplies.

The immediate demand for potatoes is not of large proportions and unless the outlet broadens there will be a drop in the market. It is advisable to sell at points of shipment as this will largely prevent glut at central market points. The week closed with 92 cents to 95 cents per bushel being paid for bulk stock in Twin City territory.

The Markets Division of the State Committee of Food Production and Conservation will formally open its central receiving produce warehouse at the Minnesota Transfer this week to receive mixed carlots of potatoes and perishable products.

Has Recovered Her Health

So many women suffer from similar afflictions that this testimonial from Mrs. Laura Beall, Plattsburg, Miss., will be read with interest: "I got in bad health. My left side hurt all the time. I took doctor's medicine, but it did me no good. I took two bottles of Foley Kidney Pills and I feel all right now." H. P. Dunn, druggist.—Adv.

Anticipation.

"I think Annie must have accepted young Williespoon last night," said Mr. Smith.

"She hasn't said a word to me. What makes you think so?" asked his wife.

"I ran across him several times today, and every time he saw me he turned as pale as a sheet."—London Telegraph.

Are You Lucky?

In August the air is full of pollen and dust that cause trouble for some, yet others are never bothered. No remedy does more to relieve hay fever and asthma than Foley's Honey and Tar Compound for coughs, colds and croup. It clears and soothes the afflicted nose, throat and bronchial tubes. H. P. Dunn, druggist.—Adv.

HEAVY FIGHTING
AROUND VERDUN

Germans Are Trying to Recoup Recent Losses.

FRENCH LINES ARE HOLDING

British Troops Deliver Several Small but Successful Attacks—Teuton Advance in Northern Russia Slackens. Terrific Storms Fail to Halt Italian Assaults on Monte San Gabriele.

London, Sept. 10.—Again the French and the Germans are engaged in extremely heavy fighting in the Verdun sector, with the Germans trying to recoup their losses of the end of the past week on the right bank of the Meuse, but with General Petain's forces holding them back almost everywhere.

Over a front of nearly two miles the Germans, following unsuccessful attacks Saturday night in the sector of the Bois-des-Fosses and the Bois-des-Courieres, returned to the fray with renewed vigor, especially around Hill 344.

At some points French trenches were captured by the Germans, but from these they were driven out later and the French line was entirely re-established. In the fighting around the Bois-des-Fosses Saturday night the Germans left nearly 1,000 dead on the ground before the French positions.

At various points on the front held by Field Marshal Haig the British troops have delivered successful attacks, especially northwest of St. Quentin, where German positions on a front of several hundred yards were captured.

Repulse British Attacks.

The Berlin war office reports that northeast of St. Julien the British delivered an attack Saturday night, but met with repulse. Likewise, Berlin says, strong British reconnaissance south of La Bassée canal and along the Scarpe river were without success.

There has been a considerable slackening in the German advance in Northern Russia, due in large measure to the Russians making stands at several points, particularly on the front of the Pskoff railroad line leading eastward from Riga.

Here the vanguards of the Germans and Russian cavalry are engaged in fighting, the result being that the invaders were held back while the Russians are preparing defenses in which to make a stand.

Although terrific storms have broken over the Austro-Italian front, causing the rivers to overflow their banks and turning the plains into quagmires, the heavy battle for Monte San Gabriele continues unabated, with the Italians violently attacking, but with the Austrians maintaining the position.

On the Carso plateau the battle has again lessened in violence.

PROBLEM TO FINANCE WAR

Government Must Raise \$57,666,666 Every Day.

Washington, Sept. 10.—The tremendous problem that confronts the United States in financing the war for the first year and a forecast of what the problem may amount to if the war should run two or three years longer is shown in figures compiled from estimates obtained from the treasury department.

Among other things these figures show that for the remaining 300 days of the fiscal year up to June 30, 1918, the United States will have to raise through bonds, ordinary revenue, war revenue, certificates and other revenue devices a total of \$57,666,666 a day, or eighteen times as much as would have been raised in a day to defray the ordinary expenses of the government.

The figures show it will cost the United States \$600,000,000 a year to pay the interest on the money that it will borrow this year and that by the time the government begins to retire its first war bonds fifteen years from now the nation probably will have paid \$9,000,000,000 in interest charges alone.

ENGLAND TALKS REPRISALS

Indignant Over German Air Attacks on Hospitals.

London, Sept. 10.—England again is talking reprisals. Indignation over German air attacks on hospitals was brought to a focus by the attack on the American hospital base on the coast.

It was stated British airmen are nightly bombing German ammunition depots and supply bases, inflicting great damage on the enemy, who in revenge attacked institutions devoted to work of mercy.

The attacks on Red Cross and medical units is expected to result in special precautions and defensive measures hereafter.

Pershing Wants Weather Man.

Washington, Sept. 10.—General Pershing has asked the war department for a weather man to go to France immediately and forecast weather conditions.

ROOSEVELT FOR SUFFRAGE

Colonel Says Women Should Have Right to Vote.

Oyster Bay, N. Y., Sept. 10.—Women are entitled to the ballot as a right and not as a favor, Colonel Theodore Roosevelt told a gathering of about 500 suffragists and their friends who motored to his home at Sagamore Hill.

He declared himself most emphatically in favor of woman suffrage and was heartily applauded when he said: "On the whole, the citizens to whom I will pay the greatest deference as doing the most indispensable of all duties is the mother."

PRICES CLIMBING HIGHER

British Union Urges Control of Food Costs.

Blackpool, Eng., Sept. 10.—The trade union congress unanimously adopted a resolution regretting the long delay by the government in preventing the continued rise of food prices. The resolution instructs the parliamentary labor committee to place before the government the necessity of purchase by the government of all essential foodstuffs, the commandeering of ships, the controlling of freights on home products and the fixing of minimum prices for food and all other essentials.

THREE BOYS KILLED IN POWDER EXPLOSION.

Lockhaven, Pa., Sept. 10.—One boy was killed and two others died of their injuries when several kegs of powder exploded in an abandoned powder house of the Bellefonte Lime and Stone company at Salona, near here. All were burned and mangled. The police believe the boys struck a match on entering the building and accidentally ignited the powder.

AUSTRIAN LOSSES

120,000 IN MONTH

London, Sept. 10.—Austria has lost at least 120,000 killed, wounded and taken prisoner by Italian forces since Aug. 9, when General Cadorna assumed his great offensive.

Prisoners alone total more than 30,000.

The figures indicate the tremendous drain on the dual monarchy's man power, which has forced Vienna to demand reinforcements of Berlin.

Fighting is continuing violently at two points on the battle front, around Mont St. Gabriele and south of Hermanda. St. Gabriele is still a stumbling block in the Italian advance.

WILSON GUARDED
BY DAY AND NIGHT

Extraordinary Precautions Taken to Protect President.

SECRET SERVICE ON JOB

War Has Produced Many Cranks Who Threaten the Life of the Executive and Destruction of Public Buildings. Soldiers Always on Guard at Vital Points.

By ARTHUR W. DUNN.

Washington, Sept. 10.—[Special.]—Double guards seem to be necessary to protect lives and property in the United States. Never before was such precaution taken to protect the president. He never stirs abroad without a number of secret service men in his automobile and another machine following him with secret service men. On either side of the automobile containing the president is a soldier on a motorcycle.

Around the White House equal precautions are taken. All day long motorcycle policemen are stationed, so that at all times they can command a view of every approach to the White House, as well as the iron fences which surround the grounds. At night soldiers picket the White House grounds so as to prevent any one from entering.

Threats From Cranks.

Whenever there are unusual conditions in the country the wheels begin to revolve in the heads of the many cranks, and they begin writing to the president. The more violent make dire threats, which cause the authorities to double their vigilance. Then there are mild minded men who associate with the fanatical fellows, and they write warning letters. They are a beneficial class, for they do not mean any real harm and do not countenance violence against the president.

Tending to Destruction.

Just what sort of minds a certain class of men have may be found in the tendency to destruction that seems to possess them. Not only has it been necessary to guard all bridges, tunnels and manufacturing establishments, but there are cranks who would destroy public buildings. It can be understood that German sympathizers might think that the cause of Germany would be advanced by blowing up munition plants or destroying a railroad bridge, but of what use would it be to destroy the new Lincoln memorial or any other building in Washington? The Lincoln memorial, now nearing completion, is nightly guarded by a dozen soldiers, and all public buildings are carefully patrolled to prevent the men of vandal minds carrying out their plans of destruction.

What Could Be Done With It.

When there has been discussion about preparations for war there has always been allusion as to what could be done with money in the way of providing facilities for the betterment of the people. When these computers get ready they can make some interesting comparisons as to what might have been done with the money spent on the European war. They could build the immense system of waterways and water control contained in the dream of Senator Newlands. They could build a system of highways throughout the country which would be the wonder of the world. They could establish schools, erect hospitals, establish playgrounds; in fact, there is scarcely anything in the realms of Utopia that could not be accomplished by the expenditure of the money which the war will cost.

Served in Three Wars.

When Major General William H. Carter was ordered back into active service and given command of the middle department it was not generally understood that this was the third declared war in which he saw service, besides the Indian campaigns. General Carter is the only man serving in the war against Germany who was in active service in the civil war. In that great struggle he was a dispatch bearer, although only a young lad.

Might "Chill the Ardor."

Senator La Follette was arguing for a heavier tax on war profits when he was interrupted by Senator Reed, who asked:

"Referring to a statement just made by the senator from Wisconsin that it is claimed that further taxation of war profits may chill the ardor of the war, the enthusiasm for the war, I ask how long does the senator think it would take us to win the war with Germany if we had to do it with gentlemen whose ardor would be chilled if they did not make great profits out of the war?"

"Well," replied the Wisconsin senator, "I do not think the war would end for several years, to say the least, and when it did end, if we had to depend upon those gentlemen, it would end to our everlasting mortification, humiliation and shame."

Hoke Smith, Newspaper Expert.
They never forget that Hoke Smith was once a newspaper man, and at every opportunity they call upon him for expert testimony when there is a newspaper discussion. No doubt the Georgia senator would appreciate it a great deal more if the senators would call upon him for expert legal advice and follow his ideas to a greater extent in matters of legislation.

ONLY IN CASE OF INVASION

No Other Affront Will Force Holland Into War.

Washington, Sept. 8.—Nothing less than invasion of her soil will drive Holland into the war, according to members of The Netherlands mission, here to take up the matter of food exports with the American government.

The Dutch have known hunger in the past and have suffered hardships enough to know how to bear them, the commissioners say, and although ships may be sunk and supplies cut off they will not be drawn into the struggle on either side unless their frontiers are crossed.

SIXTY HORSES STAMPEDE

One Soldier Killed and Eleven Others Seriously Injured.

Fort Sill, Okla., Sept. 10.—One soldier was killed, two are not expected to live and nine others seriously injured when sixty horses, attached to the equipment of E battery, Eighth United States field artillery, stampeded after becoming frightened by heavy firing.

Private James Lawrence of Cincinnati was killed instantly. He was knocked down by the horses and the wheel of a heavily loaded artillery caisson passed over his body. Private Peter Dyle of Malby, Pa., and Private Roy Davis of Converse, S. C., are not expected to survive internal injuries.

RED CROSS TO TAKE
MAIL TO GERMANY

Washington, Sept. 10.—Methods of communication with persons in the territories of the control powers has been worked out by the American Red Cross at the request of the state department. The International Red Cross at Geneva will be the agency through which channels for personal inquiries will be established.

An official statement points out that correspondence of this nature is possible between the European belligerents under an international agreement allowing civil or military prisoners to forward letters.

German civilians are not classed as prisoners in the United States, however, and suspension of the mails to Germany and her allies has cut these off entirely from friends and relatives.

"The government of the United States, the statement says, 'proposes to relieve this unnecessary suffering.'

EXPERT ON CEMENT PAVING

Sigmund D. Nothhelfer, of Portland Cement Association, Examining Paving in City

DAILY CONDUCTING TESTS

Ideal Mixture, He said, was One Part Cement, Three Parts Rocks, Two Parts Sand

Sigmund D. Nothhelfer, of Chicago, of the Portland Cement Association, is in the city conducting cement tests for his company and has followed every phase of the paving contract being carried out by Dahl & Co. of Duluth.

Mr. Nothhelfer maintains that bank run gravel will not give as good results as a mixture which he declares of ideal proportions for Brainerd, composed of one part cement, three parts crushed rock and two parts sand. As a trial the intersection at Fir and North Ninth streets has been so laid. He claims it can be laid as cheaply and the rock can be obtained from crushed boulders. On paving being done in the city the workmanship is of the very best.

The old macadam is going very fast now and Brainerd should immediately institute a repair program. In concrete paving the practice is to make the center eight inches and the sides six inches.

Duluth is using rock concrete. Eleanor street is so being paved by A. E. Dahl & Co.

Brainerd has very good subsoil conditions, said Mr. Nothhelfer. The drainage is good, there are no cracks from heaving and Brainerd can present to the world the finest examples of concrete paving in the United States and be used as such a demonstration example by the Portland Cement Association, thus gaining much mention and advertising throughout the United States.

Milwaukee county, Wisconsin, has 135 miles of concrete paving and is building at the rate of 30 miles a year.

The Northeast Brainerd Improvement League Friday evening conferred at the Chamber of Commerce relative to the repairing with cement of Kindred street.

BRAINERD'S ODDEST STORIES OF TODAY

Rev. Wm. Lloyd Crist and a friend were at the "Intolerance" spectacle of D. W. Griffith's at the opera house on last Monday afternoon. Belshazzar's city was being bombarded rather heavily by Cyrus and one of his battering rams had just hit the front gate to the city.

There was a tremendous rumble and three bumps at the fateful hour of 3.30 p. m.

"Did you hear that?" asked Rev. Crist with some concern as he had spent months in California and suspected what it was.

"That's part of the show," said his friend with conviction, as Cyrus's battering ram made a fresh assault.

"I tell you it's an earthquake," said Rev. Crist. However, all remained to the end of the performance, and Rev. Crist's supposition was correct.

Peter Stendal of Oak Lawn township came to the Dispatch office with another cause for the earthquake. He brought in two big Carmen No. 4 potatoes and claimed that the tubers, weighing 1 pound 2 ounces each, and measuring 4x5 inches had in company with the other potatoes in the hill produced such an expansion that nothing but an earthquake could relieve the situation.

The discussion revolved on the selection of juries and one man maintained that none should be selected to serve who at some time or another had suffered a great grief which might embitter him against individuals or corporations or even society in general.

"Oh shucks," said George W. Moody, the court reporter. "Make it short and bar all married men."

He Felt Like Ninety

Nothing makes a person feel old quicker than disordered kidneys. They cause aches and pains all over the body. A. W. Morgan, Angora, La., writes: "Oh, I suffered with pain in my back. I am 43 years old, but I felt like a man 90 years old. Since I took Foley Kidney Pills I feel like I did when I was 21." H. P. Dunn, druggist.—Adv.

REGULAR MEETING CHAMBER COMMERCE

Wednesday Evening, Sept. 12, has Many Important Matters up for Discussion

NEW BRIDGES TO BE DISCUSSED

N. M. D. A. Meeting, State Potato Growers Prizes, N. E. Brainerd Improvement League, Etc.

The regular meeting of the Chamber of Commerce Wednesday evening promises to be of special importance as reports are to be made on the proposed Gull lake narrows and Kilpatrick lake bridges, the results of the N. M. D. A. meeting at Bemidji relative to the state potato growers appropriation and the progress made by the retail market under the direction of P. B. Nettleton and his committee.

A special committee has been named to co-operate with the Northeast Brainerd Improvement League and may have something to report on plans and ambitions of the organization and the committee.

Reports are due from the special committee of which Louis Knudsen is chairman on city highway improvement and the garbage collection committee.

The House and Social committee will soon begin the regular monthly club dinners.

Take is all in all, the meeting will be an interesting and profitable one and members are urged to be present promptly at 8:30 the time it is called for.

TWO IN JAIL, TWO IN HOSPITAL

(Ironton News)

Ironton, Minn., Sept. 10.—In a free for all scrap at Millie Lacs lake Wednesday Jack Poggin and Joe Schuster were badly cut up and Frank Kovotovich, an auto livery man of Ironton, was tapped on the head with a beer bottle.

The injured men are in a Brainerd hospital and Louis Kaipin and Eli Parlovich are in the Crosby jail, the arrests being made by the Ironton police.

Kovotovich states he took the men out to the lake Monday and went for them Wednesday. A scrap arose, all being full of o-be-joyful, with the above results.

ROLL OF HONOR

Aitkin, Minn., Sept. 10.—Lester L. Spalding of Aitkin, who is serving in the Third Canadian labor battalion in France, has just been promoted to a captaincy, and will go to London on Sept. 1 to receive his commission.

Captain Spalding's branch of the service has to do with the construction of railroads and wagon roads employed in keeping the troops at the front supplied with food and ammunition. He was severely wounded at Ypres in April, 1915, when he operated a machine gun after his companions had all been killed. For this service he was decorated with the distinguished conduct medal by General Hughes.

"BLUE CARDS" OUT

Official Sign of Free Auction and Market Day Displayed in Store Windows

The "Blue Cards" official sign of the merchants who are putting on the Free Auction and Market Day for the benefit of farmers on September 25, were distributed today and grace the windows of those who propose to show the farmers that this is the logical place for them to trade and where not only special inducements for farmers in the line of free auctions and entertainment but also rock bottom prices on commodities may be obtained.

Two more joined the "Blue Card brigade" today, the Eagle Provision company and William Graham, the Sixth street music dealer. Space is nearly all taken up now and the page will be closed tomorrow.

The weekly papers this week will carry a complete list of the "Blue Card" stores and details of the big event on September 25.

Opportunities For Older Men

Because of the war many positions formerly filled by young men are open to older men. A man's kidneys may make him unfit for hard labor or clear thinking, may make him old before his time, for poisons retained in the system "slow him up" physically and mentally. Foley Kidney Pills tone up weak, disordered kidneys. H. P. Dunn, druggist.—Adv.

TABERNACLE BUILDING DAY

Tuesday, Sept. 11, is the Appointed Time, All Summoned to Help in Erecting Building

NO DRAFT, ALL VOLUNTEERS

Different Ladies Aids of the Churches will Serve Dinner to All Donating Time

Tomorrow is tabernacle building day. The call was sent out yesterday from the various pulpits for volunteers to donate one day of service for the erection of the structure.

The committee in charge is anxious for a large crew to be on hand with work clothes and hammer and to see how much of the big building can be completed in the one day. Every man is wanted from the most experienced carpenter to the veriest "wood butcher." Under the experienced direction of the foreman everybody can be of service.

Seven o'clock is the hour set for the appearance of the volunteers. Anyone "checking in" later than that will be given the hardest job and compelled to do penance.

The different Ladies Aids of the churches are planning to give a dinner to all those donating their time. This dinner will be served in the dining room of the Methodist church at 12:15 o'clock so that no one need go home for luncheon.

There is but this week left for the completion of the numerous details of the building and the arrangements of the committees. The first gathering will be the chorus which will meet in the tabernacle Saturday evening at 7:45.

Today about a dozen men were on hand and put up the greater part of the frame work so that a large crew of men could assist tomorrow without getting in one another's way. The building is so great that it is found to be taxing the capacity of the lumber yards to supply the demand for material.

The Ministerial Association is voicing an earnest plea that everybody be a helper and sympathizer and encourage this work which if properly cooperated in will make for the highest welfare of city and country. A number of the clergy were out in the country churches yesterday and made announcements of the campaign and enlisted the definite cooperation of the farmers.

B. H. Shadduck preached three times yesterday and fired the opening shot of the "big drive." Everywhere he was heard with appreciation and promises of helpfulness.

The big job now is the erection of the building after that is finished it will become a bee hive of activities. No conscription tomorrow, it is for all to serve as volunteers.

WM. NELSON WINS TROPHY

Sharpshooters and Experts were Handicapped at Brainerd Rifle Club Shoot Sunday

NELSON SCORED 129 POINTS

Second High Man was Francis J. Britton with 128, Robert Stickney Third with 113

Wm. Nelson won the trophy at the Brainerd Rifle club shoot Sunday morning. He scored 129 out of a possible 150. It was a handicap shoot, sharpshooters being handicapped 8 points and experts 15 points. Nelson won handsily with 129. Francis J. Britton was second with 128 and Robert Stickney was third with 113.

The total scores made follow:
Wm. Nelson129
Francis J. Britton128
Robert Stickney113
Severn Swanson83
Ralph Russell110
R. J. Tinkelpaugh108
Sam English103
Wm. Wicklund116
Edw. Wicklund104
Fred Drexler100

SEIZE TRUNK FULL OF LIQUOR

"Sunnybrook" Whiskey Commandeered by Indian Agents as It was Entering Dry Territory

Special Officer Benson of the Indian service last night seized a trunk loaded with forty quarts of "Sunnybrook" whiskey which was shipped from Superior, Wis., and was about to be unloaded at Cedar Lake switch outside of Deerwood and within dry Indian territory.

The whiskey was brought to Brainerd. A Cuyuna man was taken in custody and efforts are being made to find others who may be involved in the affair.

AT BURLINGTON, IOWA

New Grand Piano Pleases Dick Bertram, Son of George Bertram, at Palace Theatre

(Burlington, Iowa, Daily Gazette)
The Palace theatre has installed a fine new Chickering grand piano which is duly delighting the soul of Dick Bertram, who, though he scorns the title, can play it as well as any professor.

The Beautiful New Fall Suits

There are occasional seasons when the designers of suits fail to produce suits of real beauty but such is not so this season. The styles are most beautiful and so in keeping with the season. Long coats are always more fitting in fall suits than the short ones and we are showing beautiful long coats this season.

Our courteous sales persons will gladly acquaint you with them.

H. F. MICHAEL CO.

POWER CO. TO SERVE WALKER

(Pillager Herald)

A fifteen years' contract has been granted M. D. Stoner and T. H. Croswell to erect, maintain and operate an electric light and power plant in the village of Walker.

The present plant at Walker has been unsatisfactory for some time, giving poor service, hence the granting of the franchise.

Stoner and Croswell are the owners of the big dams on the Crow Wing river at Sylvan and Pillager. They furnish power and light to Brainerd and the Cuyuna Range towns. They are starting work on a new dam on the upper Crow Wing some distance from Akeley and from this dam they will supply electric current to Nevis, Akeley, Walker and other towns.

Until the dam is completed, which will be about a year, they will furnish current from the steam plant at Akeley, which they purchased from the Red River Lumber company, together with a yard full of wood, when the lumber company shut down its mill. It will be from two to three months before the line will be completed to Walker.

beans, corn, tomatoes and other vegetables froze.

Out at Gull lake summer residents report water in pails gathered ice. Lake dwellers sent in a hurry up call for more bedding.

Be sure you look up numbers in NEW telephone directory before calling central.

Some numbers have been changed.

SWEDISH ENVOY ENTERS DENIAL

Says No German Cipher Messages Have Been Sent.

BUENOS AYRES IS SURPRISED

Newspapers in Argentine Capital Refer to American Exposure as an Unusual and Sensational Diplomatic Scandal—United States Does Not Intend to Break With Sweden.

Buenos Ayres, Sept. 10.—The Swedish minister to Argentina, Baron Lowden, denied dispatches in cipher had been sent to Berlin by the German charge through the Swedish legation at Buenos Ayres.

"I have not sent, nor caused to be sent, by the legation under my charge any telegram from the German legation," he declared. "The news is a great and disagreeable surprise. I have cabled to my government to clear matters up."

"In the United States they are very excitable." The official announcement issued by the state department at Washington that communications from Count Luxburg, German charge at Buenos Ayres, had been sent to the Berlin foreign office through the Swedish legation here in cipher caused a sensation and was the principal topic of discussion throughout the city.

Papers Comment on Scandal.

The Buenos Ayres newspapers refer to the exposure as an unusual and sensational diplomatic scandal. La Nacion says: "This sensational revelation, which compromises the faith of the German foreign office, must modify many opinions regarding the situation."

"It clearly shows the contempt with which the two diplomats involved regard the Argentine foreign office. 'Diplomacy in this war has given us many surprises, but none so grave or that has occasioned consequences so difficult to foresee in their far-reaching effects as this from the United States, the involvement of the fair name of our country imposed upon because of its excessive good faith. In a

complicated plot, which must arouse universal comment of all kinds, claims, fears and suspicions."

Every paper said the report was so sensational and unusual that it could not be believed except for the fact that it had been made public by the state department of such a great country as the United States.

RED CROSS RELIEF EXPENSES ARE HEAVY

Washington, Sept. 10.—Approximately \$12,000,000 for war relief work in Europe will have been expended by the American Red Cross in the first six months since the United States has been at war with Germany, according to a report addressed "to the American people" by Henry P. Davison, chairman of the Red Cross war council, in which full details are given of the activities of the organization in various nations abroad, chief of which is France.

More than \$10,000,000 of this sum, appropriated up to and including Aug. 31, by the war council, since its appointment May 19 last, is for use in France. Other countries to receive relief are Russia, Roumania, Italy, Serbia, England and Armenia, the grand total amounting to \$12,339,681, the greater part of which will be used by Nov. 1, although some of the appropriations cover a year.

FAIR RECORD IS BROKEN

Attendance at Minnesota Exposition Totals 382,205.

St. Paul, Sept. 10.—Minnesota state fair attendance records for all previous years were smashed by many thousands at the fair which ended last Saturday night and a banner record established which will last for many years to come.

Saturday's attendance of 60,525 brought the grand total for the week to 382,205, which is 8,013 more than the biggest other week on record, that of 1912, when the total was 374,128.

Puts Poison in Family Food.

Frazee, Minn., Sept. 10.—Mrs. Park L. Day, despondent over the ill health of her husband, who is confined in a sanatorium suffering from tuberculosis, herself ill and unable to provide for her three children, purchased poison and mixed it with the family food. The mother and two children are dead, but the third will recover.

IS WORKING ON GERMAN TERMS

Main Reichstag Committee Considering Outline.

WILL SOON BE MADE PUBLIC

Chancellor Michaelis Is Quoted as Saying Final Arrangements Regarding Peace Conditions and Alsace-Lorraine Question Are in Process of Perfection.

London, Sept. 10.—Germany soon will be able to publish her peace terms, according to Dr. George Michaelis, the German chancellor.

Dr. Michaelis, in an interview, said he has so informed the reichstag main committee, an Exchange Telegraph dispatch from Copenhagen says.

The main committee, Dr. Michaelis said in the interview, has "tried to make final arrangements regarding peace conditions and the question of Alsace-Lorraine, but no decision has been made."

"The question, however, was discussed eagerly and Germany soon will be able to publish her peace terms."

Beware of Ointments for Catarrh that Contain Mercury

Mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by druggists. Price 75c per bottle.

Take Hall's Family Pills for constipation.—Adv. Apr
